

# My1Login AD Connector V2.0.1508 Release Notes

## Release Date

21st September 2017

## New Features

### **No Visible Vault Browser Login**

The My1Login AD Connector, coupled with the latest browser extensions, allows the browser extensions to login without showing the user's Vault page.

## Changes

### **IE Browser Helper Support**

The IE Browser Helper (BHO) has been improved and requires this version, or later, of the AD Connector to perform seamless logins to the users' accounts.
