My1Login Desktop Agent - Release Notes

Version: 25.11.3.1
Release Date: November 6, 2025

What's New

Enhanced Communication & Connectivity

- **Improved browser extension connectivity** - More reliable communication between Desktop Agent and Chrome/Edge extensions

- **Better multi-user environment support** - Enhanced isolation for VDI/RDS environments (Citrix, Azure Virtual Desktop)

- **Self-contained application** - No third-party runtime or framework dependencies; .NET 8 runtime bundled with installer

- **Upgraded to .NET 8** - Migrated from .NET Framework 4.8.2 to modern .NET 8 for improved performance and security
